

# Researcher Endorsement of Breast Cancer Deadline 2020<sup>®</sup>

It's time to reinsert the sense of urgency into the mission of ending breast cancer. It's time to change business as usual so we can know how to end breast cancer. That means we have to change our approaches to breast cancer research and focus on research that will significantly reduce mortality. **Breast Cancer Deadline 2020<sup>®</sup>** focuses on primary prevention and understanding and preventing metastasis—two areas of key importance that are currently under supported.

We've been invigorated and inspired by the positive response we've received from researchers like you who tell us they support **Breast Cancer Deadline 2020<sup>®</sup>**. Join the voices of all those who are saying,

"I stand behind **Breast Cancer Deadline 2020<sup>®</sup>** and knowing how to end breast cancer by January 1, 2020."

I support **Breast Cancer Deadline 2020<sup>®</sup>**
